MILLIONAIRE MINDSET FOR WOMEN: EIGHT ESSENTIAL ELEMENTS TO GREATER WEALTH

Dr. May Li

Biography

Dr. May Li was born into a family that emphasized hard work and education as the key to success in life. Yet after graduating from three Ivy League universities with a PhD in science, she found herself working multiple jobs, barely able to make ends meet. Her goal was to become wealthy but that's not what she learned in her academic training.

Dr. Li decided to find out why some people are financially successful and others not. She interviewed millionaires, invested in programs and applied what she learned. The research paid off and is now the foundation of her book and powerful online course: "The Millionaire Mindset for Women: Eight Essential Elements to Greater Wealth."

Dr. May Li was featured at the Los Angeles Convention Center "Best You Expo" in March 2023 and delivered a Keynote in July the same year at the WYN Conference in New York City.

She is a guest speaker at the Los Angeles based MVP (Making Visions Possible) Wealth-Building Mastermind and the Drox Investment Multi-Family Real Estate group in Houston, Texas.

She has shared transformational stages with Les Brown, Sharon Lechter and Ramy El-Batrawi.

Dr. May Li inspires people from all walks of life to pursue their multi-millionaire dreams, no matter how far-fetched or impossible it seems.

A wealthy lifestyle does not have to happen in the far distant future. It is yours to have, as soon as you get started, today.
